IMPACT REPORT

WHO WE ARE

STRENGTHENING FAMILIES THROUGH HEALTH-SUPPORTED HOUSING

Rooted in Grace Foundation delivers health-supported housing and integrated care for families. Our work is grounded in a clear understanding of what drives health and stability: where families live, the support they receive, and the conditions shaping their lives.

OUR MISSION

Build a vibrant and resilient Arizona, one home and one family at a time.

Our coordinated care model combines safe housing with integrated, trauma-informed services. By addressing stability first, families can engage meaningfully in care, strengthen their parenting capacity, and build sustainable independence.

DID YOU KNOW?

The monthly healthcare savings per participant is an average of \$1,682

OUR FOOTPRINT

73

Families served through housing

98%

Of families safely stayed together

94%

Of participants sustained no relapse

9,000+

Education & support sessions provided

WHY IT MATTERS

- 80% of health outcomes are driven by social and environmental conditions, not clinical care alone
- Arizona saw a 44% increase in pregnancy-related deaths in early 2024
- Nearly half of pregnancy associated deaths involve mental health or substance use
- 1 in 10 babies in Arizona was born preterm
- 27.7% of infants are born to mothers with inadequate or no prenatal care
- 433 infants died before their first birthday

OUR CONTRIBUTION

- Safe, stable housing
- Integrated behavioral health & recovery support
- Family strengthening & parenting education
- Workforce readiness economic stability support
- Early childhood development & care coordination

"Thanks to Rooted in Grace, I've gone from feeling hopeless to standing tall as a mother ready to reunite with her child. The parenting classes, emotional support, and safe housing changed everything for me."
- Rooted in Grace mom

JOIN OUR MISSION

With your support, we're delivering measurable progress and real change.

While we receive funds from a range of sources, support from individuals is critical to providing our programs. Your contribution will help Rooted in Grace profoundly impact the overall health outcomes of underserved communities in the highest-need Arizona zip codes.
